ZIPCAM 360
Brought to you by
GapVax

Hyper-efficient PACP inspections.

For automatic video recording, connect the ZIPCAM 360 to the cleaning nozzle once the pipe is clean.

Make the most of each time you open a sewer manhole.

- ✓ The redesigned workflow from ZIPCAM 360 helps you make the most of the time of your teams in the field;
- ✓ 360° video recording: Captures 99% of defects;
- ✓ Easy to use by operators, regardless of their level of experience;
- ✓ No need for an inspection unit with a pipe crawler.

Get the most out of your budget.

Ensure consistent quality.

Analyze your data whenever it suits you.
